

WARPER PARTY

NYC'S LARGEST ELECTRONIC ART & MUSIC SHOWCASE

www.warperparty.com

The Warper Party, established in 2005, is New York City's largest showcase of diverse electronic music, visuals, workshops, interactive art, and master classes. Warper takes place monthly and was created as a place to build community, foster collaborations, learn, inspire, and present the most forward thinking artists to the party people. To celebrate this long-running event, we've created this compilation of music from a sampling of our performers, we hope you enjoy it!
